Dear Mr. Shields

I hope your next letter will tell us that your wife is better. Pray give her our love and accept our friendship.

My Mother thanks you for all you do in her cause, and together we look forward to the beautiful result. May you see it with us. The weather continues agreeable, our lodgings suit us, and our Landlady is as desirous to keep us

here as we are to remain. So
all smiles upon us as regards
these outward influences.

You are aware that two or three
weeks ago my aunts inspected
and admired the incomplete
window? Thank you for
enabling them to see it.

Always

Very sincerely yours

Christina G. Rosetti.
