

30 TORRINGTON SQUARE

W.C.

Tuesday.

Dear Mr. Shields

My Mother with warm remembrances desires me to send you (parcels' Post) those nos. of the Art Journal which had we thought of it we might so easily have left with you the other day. If you remember, you told us you would like to

borrow them, for the
sake of William's articles
on Gabriel's works.

We are looking forward
with all the more interest
to starting (D.V.) next
Tuesday, because of the
bare possibility of our
seeing your grand
window before our

return. May give my
love to Mrs. Shields: it
is very dear of her to
visit our beloved grave.

-- But may this not
reach you at once! for
in that case I hope you
are after all reselling
in Britany.

Always yours truly
Christina G. Rossetti.
