The Kansas City Kansan
Kansas City, Kansas

Dear Bill:

While we were not thrown actively together for a very long period, it was sufficient to establish in my mind a very fine appreciation of you as an individual citizen and newspaper publisher. I regret that I do not have occasion to see you more often.

I assure you your good letter was greatly appreciated and I regret the time required in winding up the year's business delayed my answer.

With very best wishes, I remain

Cordially yours,
