Governor Carl E. Friend
Lawrence, Kansas

My dear Senator:

Congratulations on 50 years of hard work coming from a man like you means a great deal. Our experiences in some ways have been quite similar, starting from the ground and striving hard to advance in every honorable way.

I thank you very much for your letter and for your good wishes, and I trust that the year 1942 will call upon you for still greater service.

Sincerely and Cordially yours,

WCS:DMF
