Mr. Verne Wilkin,
1004 Baltimore,
Kansas City, Missouri.

My dear Verne:

It was mighty nice of you to wire me
on the occasion of my fiftieth anniversary.
I can assure you that the fifty years have
been full of experiences of all kinds.

We enjoy the friends that we make and
I like to keep in touch with young fellows
like you. We are happy when you and Dorothy
drop in on us at our summer home or here in
Lawrence.

With very best wishes to you both for
Christmas and the New Year, I remain

Cordially yours,
