Dear Boyd:

It was mighty fine of you to send me that basket of beautiful flowers for my 50th anniversary. Your florist must be an artist.

We had a very happy day together and wound it up with a splendid dinner at ~~Evans~~ Evans Hearth with all of the crew present. We assure you it was a fine looking group and we were proud to be associated with such a promising group of co-workers.

I wish for you, Mrs. Thompson, and for the boy a very happy holiday season and a good year to come.

Again thanking you for the flowers, I remain

Cordially yours,
