

Col. Adna G. Clarke

Two

December 8

If peace comes and things become settled, I am quite sure that Mrs. Simons and I will take some further trips and one of them at least would be to Honolulu and probably on to Australia. With air service as it probably will be after the war, we may some time avail ourselves of a longer trip in which we would see European and Asiatic countries.

Again thanking you, I remain

Cordially and sincerely yours,

W. C. Simons

ENCS.
