

- Two -

Here we keep doing the things as they come along. McCabe has been selling bonds to people in the office who have bought over forty \$25.00 bonds and he is hopeful that he can push the amount up to fifty. We feel this will make a nice showing on the part of our co-workers and we are going to add an equal amount either thru personal or office purchases.

If there is anything your grandad can do for you, I shall be very happy to have you let me know. Sometimes there is something, and if so, don't hesitate to call on me. The folks gave us one of your photographs, but if you could round up another one for me, I should be glad to have it framed to hang in the office with my family group.

Much love,

Your Grandad
