Dear Blanche:

Sam Hunter was just in the office to inform me that he had sold the house I gave Janet, for her for a consideration of \$5,000.00 cash.

I don't know how you feel about holding on to the property I gave you, but if you wish to sell it, it would doubtless sell for \$5,000.00 or possibly more because of its inside location.

Dolph wrote a nice letter to Owen yesterday, and I shall write him today.

We received a couple of orders today from Pat which will be pushed thru.

Gertie is out with her PEO sisters this afternoon. I rather encourage her in these things because I realize that it does get pretty lonesome to sit around day after day at the old homestead.

Give my love to Bileen and Pat. If Marilyn were there, of course, I would include her.

Lovingly,

Dad
