Mr. L. A. McNalley
Minneapolis, KANSAS

Dear Mc:

Recently in a conversation with a Democrat, not a local man, I asked why Burns had been sidetracked in his candidacy for Vice President, and without hesitation the man replied, "The Democrats had one experience of having a Catholic on the national ticket, and didn't want to try it again".

What do you think of the political situation as you see it at this time.

Love to all,

Dad
