Dr. J. Russel Wickey
Belleville, Illinois

Dear Russel:

Thinking that perhaps you did not have much of a background of the Mason family, I am sending you herewith three copies--one for yourself, one for your half brother, and one for your half sister.

You can fill in the initials or name of your father. I think his name was Theodore, but I am not sure.

I hope that your arm is getting along first rate and that you will have a fine time with the family in California later on.

With love,

Your Cousin
