Mr. Charles H. Hoinville  
Department of Purchasing Agent  
908 Railway Exchange  
Chicago 4, Illinois

My dear Mr. Hoinville:

I have just learned from Mr. Simons that you are giving to us in the name of Mrs. Hoinville the old Fraser Hall organ and that it has been sent by prepaid freight to me.

This generosity on your part is very much appreciated and I want to express on behalf of the University, its Faculty, students, and alumni, our sincere and heartfelt thanks.

I have long been interested in preserving something of the atmosphere of the old days. This University is rich in tradition, but prompt work is needed if we are to preserve some of the mementos of the past. I have acquired the old Fraser Hall Bible, the little walnut desk used by Chancellor Snow in the early days, and various other memorabilia which I think will be of interest through the coming years. This organ is the most important of these articles and we are indeed grateful.

Mr. Simons has asked that a card be placed on the instrument showing what it is and that it is presented by Mrs. Charles H. Hoinville, a former student. This we shall be happy indeed to do.

Very sincerely yours,

Deane W. Malott  
Chancellor
