

October 5, 1944

Mr. Joe Goedderz
Route # 3
Brainerd, Minnesota

My dear Goedderz:

I dropped you a card the latter part of August asking you to drain our water pipes, pumps, and so forth as usual. I understand that Jack Bisek has drained the pipes, but I doubt if he knew anything about draining that spot covered by the bushes which might freeze up the works.

Please give the matter attention so that we may be sure everything is okay.

Best wishes to you and the Mrs., who I understand is school marm.

Sincerely yours,

W. C. Simons
