

little with the work.

Yesterday (Labor Day) Eugene canned 12 qts. pears and 2 qts. plums. He also built a door over the cellar hatchway. There is much repairing to be done but little time to do it.

My sister Clara from Rome N. Y. visited us the week of the 4th. I hadn't seen her in ten years. She had a wonderful visit! Her daughter Dolores, sixteen, visited us last week - we loved having her. I miss my nieces and nephews so much. Clara's son Jack has just finished training at a sub school and will be gone soon! which will give us seven nephews, two cousins and our dear son in the Service.

Remember me to your dear wife. Much love to yourself
Yours cousin Kathryn -
