Mr. W. C. Simons,
Lawrence, Kansas.

Dear Sir:

We have your letter of the 11th indicating that you would consider trading resident properties with us or would consider the purchase of our resident property at 2101 Mass. street.

For many years we have lived in a small town community and have deprived our selves of the many good things we are enjoying in the fine city of Lawrence and we are enjoying our home and the fine hospitality of the community, so that Mrs Kraft and myself would very much dislike to leave.

We appreciate your inquiry and assure you that it will be treated confidentially.

Sincerely

Chris Kraft
