

(Concise paper) I immediately
got map & pack and
started to wipe up the snow.

Rubber heels I took a
slide and in trying to
save my self I broke my
arm just at the wrist

I think it is getting
along all right.

I made a trip up
to Saugueck, Mich. to see
Mrs. Millar. Eldest daughter
of Mr. Raymond where I
lived a number of years.
She is 83 yrs of age. a little
hard of hearing, but in
perfect health. Mr Millar
died three years ago - and
she is ready to go and hoping
she will.

I thought I would make
a trip to the coast but
with my arm in a sling
and the travel so heavy - was
glad to get back home
