

DR. J. RUSSEL WICKEY
 29 Public Square - Phone 131
 BELLEVILLE, ILL.

The folks in family were only here
 about a month when Gray's husband
 came blowing in on his way to Calif.
 Gray wanted to go with him
 I let them take the car - so Nina
 said she was going along so now
 they're all in Sandeugr again.
 It is hard to meet so many people come
 in and you have to balance. Of course I cannot
 do a thing. I am putting in some
 new equipment. Having several things
 done that I have wanted to do for some time.
 Have plenty of time to do it now.
