

accrediting from ² the journal of the Phi Mu Alpha
Fraternity - of which Tom Dewey was Supreme
Historian and Editor some years before I
had done the job.

My idea is to gather, over the period of
the convention, such personal impressions as
seem significant and colorful and are
related to the particular regions or groups I
am writing to. There would be no attempt, of
course, to duplicate the news-coverage of the
regular services. Whatever is specially wanted I
will naturally try to get.

If I can secure a few accreditings my
chances to get the ticket will be much im-
proved. I don't expect any financial compensa-
tion and if what I send is not considered
usable, that is simply my hard luck.

Of course you may be attending yourself,
~~and~~ or may have already selected somebody.
If so, of course, that ends it. But if not, I'd
appreciate a letter from you, air-mail, special,
to me at 148-08 88 Av., Jamaica, NY City, N.Y.
Return postage is enclosed. Hope you won't con-
sider me too fresh! Nothing venture, nothing have.
With kindest personal regards to all
Tom Ransmore
