Dear Cousins

Just found your letter and see it has been ~~more than~~ almost two months since you wrote. I intended to write but the time just gets goes by so quickly I don't see where it goes. I expect if some one were here and watched they would see I was putting in lots of time playing and fooling with the baby.

Kathryn's Aunt Fennie is Loren's mother she lives at San Ysidro Calif. Is W.C. Gowdy Loren's father's, father? yes

No It just ~~don't~~ seem possible Leland can be grown and in the service. He talked like he was having some pictures taken if he does will send you one, also one of the baby before long.

Loren hadn't seen Charlotte for nineteen years until last year and I had never met her. She has a girl not quite a year younger than Leland they sure thought alot of each other. She is the only girl cousin Leland has that's any ways near his age. He only has one other and
