

April 14, 1944

Mr. and Mrs. Don A. Freeman
Route 3--Tree Tops
Brainerd, Minnesota

Dear Grayce and Don:

I see that Charles is arranging for tickets for you to the Republican National Convention when it meets in Chicago and I hope you can be there. I am quite sure that Gertie and I will not try to attend as it is best to be on the job here while Dolph is away.

As the weather opens up and we see pictures in the paper of flycasters and lures, it makes us yearn for the old summer stamping ground and our neighbors with the good fat garden.

Hope that Don is getting better and think that he should turn down every proposition in chairmanship that comes to him until the condition of his stomach becomes stabilized.

We hope you will succeed in getting a satisfactory man and wife to take Jack's place. Please give them my regards.

Gertie and I had a nice visit last week with Dorothea in Dawson, returning Sunday evening.

Harry does not know yet whether he will be called for military service or not.

You will remember that April 12th was the 108th anniversary of the birth of our little mamma.

Lots of love

Your Brother
