Dear Collier:- The letter you wrote containing the nice tribute to Julia's memory received. And was appreciated very much. We are as well as usual. Having a fairly pleasant march so far except wind which I guess is usual for this time of year. Made a trip to Monterey Park California the latter part of February. Met Willie at Albuquerque and made the trip with him. He drives an Albuquerque Pacific express hauls about fifteen tons each way. Never had been in either Arizona or California so it was all new to me. Got to go to Long Beach Pasadena and Hollywood. He has a boy who will be two next month. I was only there about five days Velda and her husband was here to stay with Mrs. Eakin or I could not have gotten away. Bert Morrison was wounded in the fight at Guadalcanal injured and has been hospitalized they gave him a month and a half leave here. He went to San Diego four or five days ago. He has a nerve injured in his hip is much better and hope he will soon be
