Mrs. L. A. McNalley  
Minneapolis, Kansas

Dear Janet:

We love you a lot and thank you for everything that you sent us for Christmas.

We were also glad to hear from our grandchildren and their pictures are fine. Sometime when Mary Beth is here, I wish she would remind me, and I will take her down to Hixon's, and see if he cannot get a picture of her that really brings out her astounding beauty.

If the time ever comes when we can have all the tires and gasoline we want, we are liable to be out there most every weekend.

I hope the new year will be happy and that we will continue to make the progress he has thruout all the years he has been there.

Much love to all of you,
