Montrose, California

Dear Cousin:

In going through the old daguerro^etypes and tintypes, some of which probably belonged to grandfather and grandmother, I find a picture of Uncle Joe when he was not more than 15, and another when he might have been 20; also a very beautiful picture that I believe to be your mother.

I want to send them to you. Upon receipt of this letter, please give me proper mailing address so that I can be sure that they will reach you.

With love

Your Cousin
