

November 24, 1945

Mr. Charles H. Hoinville  
908 Railway Exchange  
Chicago 4, Illinois

My dear Charles:

The certificates of stock were received and distributed, as I may have written you. While I no longer have stock in Luella Apartments, I was surprised at the matter typed upon the face and back of the stock certificates limiting the sale of same to the corporation. As no such restrictions were ever placed on stock that I owned, I questioned if such restrictions applied to any stock owned by Etoile. I was very glad to get this matter adjusted, as I think it was the last thing to be looked after in connection with Etoile's affairs.

We attended a football game yesterday afternoon in which Dolph, Junior participated, and which completed a season's experience of ten games won and none lost or tied by Lawrence High School.

In the evening we had a turkey dinner at home with Dolph and family and Dorothea and family. It was quite cold yesterday, and a little more pleasant today. We shall be glad to have you with us whenever you can. I recall that you will have a birthday on November 30.

I return enclosed envelope bearing sixteen cents in postage which you can use elsewhere.

Cordially yours,

Your Brother
