

forty small throats <sup>led by</sup> ~~to~~ <sup>my</sup> own  
pog. like tones. But the supervisor  
heeds my suggestions & I find  
the atmosphere very pleasant to  
work in. (As you say, I have totally  
forgotten my English Major in school)

We miss you all but it  
can't be too many years before  
everyone takes up life again.

Love,
