Mr. Simmons
Editor Journal - World
Lawrence, Kansas
Dear Mr. Simmons:

This is the same George Flory
who was Co. Clerk of Douglas County
in the early part of this century
and during my years in office there
was a young reporter from the Lawrence
World who made the rounds of my office
by the name of Roy Roberts.

Is the Roy Roberts who is now
Managing Editor of the Kansas City Star
and said to be a personal friend of
President Truman the same man
referred to as the Cub reporter of the
World about ~~half~~ forty years
ago? I am not as young as I was then
but am ^{reasonably} in good health.

Thanking you for the requested
information, I am yours
