

Mr. W. C. Simons,

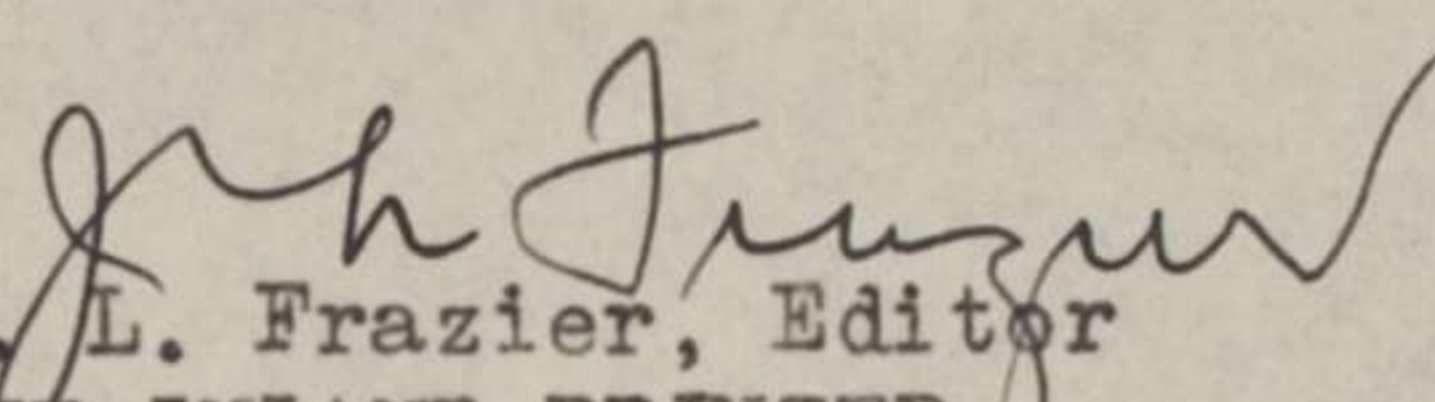

Page Two.

Germans got some of the men there away before the Russians arrived, that the Russians liberated some. We're hoping and praying we'll get word he was among those liberated by the Russians.

Well, I hope if you get to Chicago you'll make it a point to see me.

Thanks again for thinking of me in such a nice way....and "hello" to everybody there.

Sincerely yours,
