Mrs. Will Johns
1036 Conn. St.
Lawrence, Kansas

Dear Mrs. Johns:

One of the nicest presents we had for Christmas was your box of cookies. I think that instead of endowing the University that one might well set up a fund to keep you baking cookies the rest of your life, but we would hate to put that on to you, however, until it became a hardship.

Please give our regards to your husband.

Sincerely yours,

W. C. Simons
