Dear Louis

I meant to tell you yesterday that I want that \$10,000.00 policy changed from my estate, as beneficiary, to Mrs. Gertrude R. Simons, wife. As it stands now it would simply cost my estate \$1,250. in income taxes. Please see that this is changed at once.

I really want to take time someday to figure out an annuity basis, or extended $\frac{1}{2}$ payment basis, for the \$37,000 carried in the American central. I shall probably leave the family enough in ready money to look after the business without this, but estates are sometimes lost through poor judgement, listening to unwise friends, etc. so a little income of a permanent nature might come in handy.

I enjoyed my little visit and while sorry to have forgotten the grip was glad that Jess came in so the folks could see her for a few minutes. ~~By~~ Janet, Me and Dorothea drove down and took us home. The drive was dusty, but comfortable otherwise.

Lots of love from your old brother.
