Mr. Bert H. Dale,
911 Alabama,
Lawrence, Kansas.

Dear Bert:

I appreciated the card you sent me very much indeed, and the scriptural quotation was timely.

I think maybe we have to get swatted once in awhile ourselves in order to fully sympathize with the infirmity of others. Fortunately, I responded very quickly to the treatment given me by the Mayos. They seemed to put their finger on the right spot and I was dismissed from the hospital in four days, well on the way to recovery.

It was mighty nice of you to remember me.

Cordially yours,
