Mrs. Don A. Freeman,
Route 3,
Tree Tops,
Brainerd, Minnesota.

Dear Grace:

We returned home on the 10th and today I have felt the best I have in three months. The skin trouble was practically conquered while in Rochester, and now I am using skin cream like a dainty lady; as a matter of fact, one of the doctors at Rochester, said I had a "sissy" skin.

I hope that both you and Don are feeling first-rate and that you have someone to help you.

Give my best regards to Mr. and Mrs. "Paing".

We shall be very happy to see you again.

Love,

WCS: jm
