

February 1, 1946

Mrs. H. F. Johnson,
Dawson, Nebraska.

Dear Dorothea:

Your letter came this morning, and I read it to your mamma. I found her resting more easily than I had expected. I think she is being given excellent care. Marie is with her now, while I am taking care of a few things at the office. Janet will arrive at 11 o'clock, and Dolph will meet her.

Owen will leave tonight for Tulsa, between terms.

We were interested in the report on Dolph, and hope that the treatment will be effective.

With love,

WCS:jm
