

May 23rd. 1923.

Dear Julia and family

I received your letter regarding flowers for Mother's day, and the check, but have as yet not cashed same. We had so many flowers in our yard that we used them instead of buying others. We believe that it is too late to put out permanent shrubs for this year and will use annuals of some sort, making regular planting in the fall.

I have ordered the following inscription engraved on the stone-

Jennie B. Simons

"Our Little Mother"

Courageous, Loving, Faithful

Born April 12, 1836 Died Nov. 17, 1921

We have been so busy that I have not written. We hope you are all well and happy. Blanche will return to Tulsa Friday after a three weeks visit which we have thoroughly enjoyed. We wish we could keep her and the little boy all of the time. Louis was up Sunday.

Give love to Etta, Vera and the kiddies as well as to Chas. Will write more as soon as I can. Lots of rain, everything beautiful. Come soon and often. ~~He~~

With love

Collie.
