Dear Charlie:

We are having a nice visit with Dorothea and Jon Dolph. Bus brought them down Friday evening and returned early Monday morning.

I am glad you are in shape to purchase this stock. Dorothea asked me to send the stock certificate to you, which I am doing.

Give my kindest regards to Mary.

Gertrude has had the graves properly cared for.

Nothing particularly new that I can think of, in which you might be interested.

Love, your brother
