Mr. Charles H. Hoinville
7539 Colfax Avenue
Chicago, Illinois

Dear Charlie:

As you know, Mary Jule left some days ago for Mayo's. It seemed too bad to have her go alone, but she thought she could manage it. I don't know just how long it will take, but I doubt if she will get away from Mayo's in less than two weeks and probably will be lucky if it doesn't take longer. It takes just about one week for them to investigate your physical condition, testing out the important things connected with good health. If they are lucky enough to ascertain just what her trouble is, her stay in the hospital may not be very long; although some cases are much more stubborn than others, and her's is of long duration. I advise you not to go to Rochester, expecting to pick her up unless you have communicated with her and know that she is ready to leave. We returned by air a year ago and were delayed several days in securing a reservation.

I presume that the legislature will be over soon. That means perhaps in a couple of weeks.

The spring here continues to be backward, with the temperature usually in the 40's during the day, however, our yard man planted lettuce and radishes today.

Best of luck to you and Mary, and we shall be glad to see you when you come.

With love, your brother
