BELLEVILLE, ILL.

We had a sandy visit with the children. Daniel Arthur the youngest child was the big attraction - I must add - a fine boy always laughing - loves music. Never cries. at least I didn't hear him.

The children have a dream dinnerhouse - five miles out of Pass Pablos - a high arched building - shavings on the floor (pine) - ranch type tables - three thousand wine bottles hanging from the ceiling etc. - every thing in a hazy. It's great a wine country. While we were there the most expensive check ^{for people} was 77.00 the smallest \$9.50
