

Dear Mr Simons

I received the news of Mrs Simons death with a great deal of sorrow, as I had hoped of her rallying and being able to go home.

Knowing as I do the very close companionship and love you held for each other, I realize as much as any one how much you will miss her. You still have your wonderful family and lovely memories to help compensate for her loss. I missed not being able to see her when I was home she was always so inspiring.

Edna and the children join me in extending our heart felt sympathy

Most sincerely,

Minnie Ferris
