Mr W.C. Simons & family:

Loved
I will try this morning, to extend to you and family, my heartfelt, sympathy, in the passing of dear Mrs Simonds, I have lost a dear friend, too in her passing, and am sorrowing with you all.. but there is this comfort, in knowing she is at rest, and free from all suffering.. You two have had a long happy life together and the parting must come to all of us sometime, I am glad that she lived long enough to see her children all married happily and given her, ten Grand children. to enjoy, and they loved her dearly and will miss her..

Mr Simonds, I am glad that you still have these four fine children, I feel sure they will be a great comfort to you, in the future and if you keep busy in your many useful activities, it will help a lot to soften the sorrow, which time only can do.. I had such a sweet little note from Janet, the other day, I appreciated so much, please thank her for me.. Yesterday Wayne came and took me to Church, then out to their house for dinner, Blanche did not feel quite up to going yet she had a delicious fried chicken dinner with all the fixings, I sure enjoyed it and the nice visit with the family..

We are having perfect weather here, just a little chilly, but so very dry..

We are all still dazed over the election results, as I think you must be too.. I hope we may be able to stand another four years of this new deal stuff..
