

staying in Kansas City,
having a lesson each
day excepting one in
the week until Feb. 1st.
His company in New York
is paying for his lessons.

This morning I am going
out to hear him make a
speech to a group of
young men who are
studying watch making.
It is all very interesting.
I hope you will take
good care of yourself. You
are under fortunate to have
such a fine family. I told
Jennie that they are all
thorough-bred. Love to all
Benj.
