Dearest Dad;

I have been so busy this week making cookies and getting ready for Christmas. Tonight the boys are all in the Sunday-School program; and I had to arrange for the refreshments and have to take a couple of dozen cookies. Jonnie is going to sing "Jingle Belle" with his class.

Today I discovered that the tree light bulbs are not coming; so could you have Ramsey get some out of the box of bulbs in the basement with the Christmas ornaments and either send or bring them to me. I don't want the large size nor the tiny pointed ones. They are the medium size like this  or approximately. You know I am not an artist. There is also a little green metal Christmas tree I would like to borrow. It is not electric. I believe it has places for candles and is about 24" high.

If you want to drive up or come on the train and have us meet you somewhere, you might as well come earlier than Dolph and Marie would come. It seems like a long time since I have seen you or heard from you. I hope everything is fine.
