Dear Collie:

I wish you would send me a folder that the daily newspapers of Kansas issued last spring. I had a copy but now that I need it I can't find it. Also I will be glad to have a copy of any of the folders such as you used to get out in Coburn's day. I want to get out a folder and would like to have something different than they have ever had here.

Vera and Mary Jule are having a very good time. Everything is going on very nicely here. If I were in Kansas I would vote for Bill White although out here I am for the straight republican ticket.

Give my best love to all the family.

Very sincerely,

John L. Brady
