Dec. 29, 1948

Dear Mr. Simois, I have bad news. My wife tripped on a cord to a floor lamp in our apartment last Monday and broke her left hip. She is in the Lutheran Hospital here in Ft. Wayne. She seems to be doing as well as could be expected with no more shock or pain than is usual.

I will let you know of any important change, good or bad, that may occur in the future.

Cordially yours,

L. E. Sisson
