

As you doubtless know, we are especially interested in football and other athletics now. Dolph Jr. is playing for K. U. and has been in every game the team has played so far this year. John, who was 16 last month, is showing unusual generalship for one of his age in quarterbacking the high school team. John also goes in for track in the spring. Mike McNalley, our grandson at Minneapolis, Kansas, although of smaller physique, plays both football and basketball for the Minneapolis High School. Blanches' youngest daughter, Eileen, was married early in September, and she and her husband are keeping house in a first floor 2-apartment house. Her husband, Mr. Olander, is continuing his studies at the University, and it is quite likely that Eileen will enroll for the second semester.

Please remember us kindly to John, our fellow newspaper man. We are interested in hearing of the other members of your family.

You would hardly recognize the Lawrence of today. It is a thriving, bustling city. Streets are blocked off here and there for improvements, making it difficult to get around. Many improvements have been made on Massachusetts Street and nearly 10,000 students makes navigation of the Hill country rather difficult and hazardous. We have just installed a very attractive system of street lighting, running from North Lawrence to 23rd Street.

With very best wishes to you and yours, I remain

Cordially yours

W. C. Simons
