Dear Collie:

Among the books here, were several I thought you might like to have - a book of songs that belonged to your mother, and several that I did not want to get lost or mislaid, so the package is going to you tomorrow.

A letter from Grayce told that you and Gertrude planned to spend the summer at Gull Lake, and Mary and I hope you will visit us at the Hills if you can make the trip. Any time will be convenient and we will leave it to you to set the time. We expect to leave for the Hills the end of this week. I have painted our house the past weeks, and expect to start painting the cottage next door tomorrow.

Love,

Brother Charles
