Mr. Junius Underwood
2321 Vermont Street
Lawrence, Kansas

Dear Junius:

Don't you think that we should try to burn off the weedy pasture that you have rented from Dorothea and our weedy plowed field adjoining? We shall be glad to have Ramsey assist and it might be necessary to run a drag or harrow over the pasture and field to break down the weeds before they could be burned. Dorothea noticed the condition of the pasture when she was at our house recently.

We hope that this finds you in good health and coming along the way you like to come.

Sincerely,
