

Dorothea

July 4

Dearest Dad;

You must have thought I was crazy. What I meant to say was that we were planning to go to Minnesota the middle of July. I guess that is when we will come as Janet wants to go up in August; so we'll probably see you in about two weeks. I think we'll leave here early on Saturday morning, July 16; and drive it in one day. I don't know yet about Mother Johnson, but will let you know before we come.

The boys have been shooting firecrackers all day. We have had some pretty ones tonight, and they are still at it. Jonnie love
