Dearest Dad —

So glad to receive your letter today. We talked to Eileen Sunday, & things seem to be the same with her. Pat's I hope to come up for the game Oct. but his recovery is so slow, I just don't know if he can come or not and if Eileen's baby has not yet come, I shall not make the trip alone but wait until I get a call from Carl to get on the way. I do hope her baby turns around so she won't have any trouble —

Pat had a $\frac{1}{2}$ blood protein count today & will know tomorrow if he has to have more plasma. He still eats well & feels fine except his skin. It's still very bad on his feet & wrists. Face & head are better. He's so wonderful
