

Dearest Dad —

June
She ^{came} 10/10

Received your letter this
afternoon after I had written you
this morning — Son, I'd be there
to keep you company & well get around
together. I live a very dull life too,
but for different reasons. Pat really
isn't able to do much. Even the
he tries to get out, to vary money to
pay for it afterward & he has been
very quiet since Sunday — yesterday
was a "poor" day but better today & so
it goes —

I am especially eager to have our
grand baby arrive. Guess I'm just
naturally impatient about things, especially
when I can't do any thing about
it. and of course I can't do much
in this case —
