

the weather is lovely outside - Dr Showman  
thinks he is improving, as yet he had  
to take no plasma because his protein  
count stays up. He eats well. Lots of  
cheese, meat etc -

We read about Julius wonderful  
game at Manhattan I was glad to J.W.  
treated him O.K. for a change. Did not  
know Dolph got in the W.C. game & was  
glad to know that. If Pat gets well enough  
we want to bring the Fells up with us  
some week end. They are wonderful people  
& old friends. Their daughter is a friend  
of Dolph's -

I am enclosing some with pictures of  
Marilyn & Bob & our Dinky. If you look  
close you'll see "Shammy" - their baby when  
Marilyn writes she's happy & busy & Owen &  
Marie are nicely situated & very happy.

Love you very much & will see  
you soon - I hope! Devotedly your daughter  
Blanche -
