

DON A. FREEMAN POSTER CO.

TREE-TOPS — GULL LAKE

BRAINERD, MINNESOTA

Oct 24-'49

My dear Brother —

My thoughts are with you so often and your letters are always so welcome. It must be fun to see John play football so successfully and I do hope he will come through without serious injuries - he is very fearless when in action - and get managers to keep his head; Hope to get Sat's J-W today to see about their game last Friday with R.

At last it has turned quite cold and I dug the Coonra roots to car for next year when I shall try to have them in earlier and a much larger ord. for all to enjoy.

It was fine that N. U. came through in such a fast one to beat Okla. Aggies. We got that soon the same day our radio but, of course, enjoy reading about it in D-W. much better than in the Minneapolis papers.

If everything goes as expected we may get away in Dec. or later for a trip to Calif. No definite places as yet. But wish to all. Write about this later. I love you. Greaser -
